

Park and Forestry

1. Raised Bed Garden Plots at Schinker Creek Park:

Four or five raised bed garden plots will be made available before June 1st for any Town of Wilson resident who would like to have one. They will be 8 feet by 4 feet by 8 inches high. Call Gerald Bertsch at 920-960-1306 or contact me by email at gwbertsch@charter.net for more information or to reserve a plot for yourself or your family.

2. Signs of Progress at Schinker Creek Park:

You've probably the various sign at have been placed around the edges of Schinker Creek Park. We've had questions about the No Dogs Allowed signs in particular. This Park is a people park and is meant for families and children so we want to keep it clean and inviting for them. The new Dog Park on the conveniently located site on 18th Street is reserved for dogs. Watch for the Hiking Trail to be installed as soon as weather permits. We anticipate putting in a parking lot this summer, pending Town Board approval (non-tax funds are set aside). We've applied for grants for a toilet facility, playground equipment, and a picnic shelter.

3. We've received many large and small donations of time and materials for Schinker Creek Park. We are deeply grateful. If anyone is interested in becoming involved in any of our park and conservancy properties, we welcome your interest and participation. We are forming a Friends Group for Schinker Creek Park since this is a neighborhood family park. Contact me at the above phone number or email.

4. The members of the Parks and Forestry Commission are as follows: Tom Sonntag, Tom Kultgen, Nancy Kissel, Jane Kettler, Andy Van Stelle, and Gerald Bertsch. We also remember with thanksgiving the service of Bernard Brentrup. We're grateful for their leadership
